Changing the lives of children

### Keeping Families Safe

Even when children don't see domestic abuse, they usually know it's happening. When children see, hear and experience violence, it affects them in lifelong ways.

These children are more likely to exhibit behavioral issues and physical health problems, including depression, anxiety, and violence toward peers.

A gift to the Hal Herman Children's Fund will help Women In Distress continue their mission to end domestic violence abuse for everyone.

### Life Long Impact

Through the Hal Herman Children's Fund and the generosity of supporters like you, the smallest survivors of domestic violence receive the support they need.

Women In Distress' innovative early Child Therapy Program is making an impact in reducing the effects of witnessing domestic violence and helping children break the cycle of abuse.

With your help, we can do more.

Every dollar raised helps provide critical support for children, including shelter, food, clothing, and therapy services
